

TAT NEW YORK Live Love Explore at Raya Heritage February 17-19, 2019

February 19, 2019, Chiang Mai, Thailand - Raya Heritage would like to thank you all high profile travel advisors, wedding planner and TAT New York officers for visiting our resort. It was such a pleasure to welcome this wonderful group into our river sanctuary.

During the visit, we were pleased to know that the Romance FAM trip enjoyed their dinner at Khu Khao restaurant which was inspired by the rice-based culture of the north. We thank you once again for appreciating our restaurant's signature concept of crossroad cuisines that combines both local and international recipes.

Finally, we hope that the visit gives a positive impression of our resort and that this will bring great future opportunities for us to expand and increase our exposure in the US market. Looking forward to welcome Romance FAM trip back again soon, your continued support and interest in our resort is valuable to our business growth.
